

# Delock Keystone module mini Displayport female > mini Displayport male 110° with cable

## Description

This module by Delock can be used to extend e. g. a Displayport cable. With its standardised dimensions it can be used for easy snap-in mounting in e. g. a Keystone patchpanel, face plate or surface-mount box. The short, angled cable has a low mounting depth and allows a space-saving installation in hard to reach places in equipment or in cable ducts.

## Specification
