

IMPERIAL® DABMAN 12

DAB+ & FM

- portable DAB+ & FM reception

Sleeptimer

- Alarm clock mode and sleep timer

Li-ion battery

- Replacable Li-ion battery feat. short charging and long operating interval

Immerse yourself in the vast world of digital radio! The extremely small-sized IMPERIAL DABMAN 12 is suitable for the reception of DAB+ an FM radio and features an alarm clock mode as well as a self-explaining menu. The DABMAN 12's rechargeable Li-ion battery has several advantages: it can be easily charged with every common USB interface (charging cable included), it has a short charging interval in combination with long playing time - and it can be replaced either by another Li-ion battery of the same sort or - if there is no opportunity to charge it - by 3 conventional AAA batteries (not included). The DABMAN 12 is available in 5 different colour designs.

Highlights
