Mini Strobe Siren

Model No: SS1005

Product Description

The SS1005 is a compact siren with wall plug-in design and can work with smanos alarm system as an additional indoor siren. It draws attention away from the main control with a loud siren and rapid flashes in the unfortunate event of a triggered alarm.

Features:

- *Compact size with plug-in design
- *Easy to install, no power adapter needed
- *Compatible with smanos control panels and wireless accessories
- *Easy pairing with up to 40 smart accessories
- *Mute operation for night, not disturbing neighborhood
- *Color options: blue & orange
- *Global plugs available: EU, US, UK, AU/NZ
