More Powerful, Premium LG Battery Cell

The battery cell is the core component of any power bank. Vivid series power banks utilize premium LG battery cells for the premium performance: longer lifespan, Vivid series power banks significantly reduce the battery self-aging helping to maximize the lifespan, most original capacity can be kept after 500 complete charge cycles; more available capacity in low temperature, that ensures you a reliable power in cold season; higher power density, Vivid series power banks carry 30% more power in ultra compact size; a safer usage, that other power banks using reused or unqualified battery cells are unable to guarantee.

Full Charge for Most Devices

1.7 charges
for iPhone 6s

1.0 charge
for Galaxy S7

1.8 charges
for iPhone SE

Ultra Mini, Still Powerful

TL-PBG3350 is an ultra mini power bank, though, carrying sufficient power for most of your devices. Powered by TP-LINK's world class circuitry and advanced energy technologies, we minimize the energy loss in charging, conserving the power for when you need it most. Making the most of the 3350mAh capacity, TL-PBG3350 can fully charge most devices.

Features

Designed to Charge Fast

50%
Faster Charge

* As measured by the charging time on Galaxy S6 edge comparing to a 3200mAh power bank supporting 5V/1A output only. Exact charging time may vary subject to actual situations.

Designed to Charge Fast

With the advanced charging solution, TL-PBG3350 can deliver up to 5V/1.5A output that charges 50% faster and save up to 30% charging time*. Fully charging Galaxy S6 edge takes 100 mins with TL-PBG3350 while it takes 150 mins with a 3200mAh power bank supporting 5V/1A output only.*

*Exact charging time may vary subject to actual situations.

Completed Safety Features

Short circuit

Over-voltage

Over-current

Over-charge

Over-discharge

Over-heating

Safety First

There is no compromise when it comes to safety. Vivid series power banks incorporate the latest safety features to protect your devices and power banks against: short circuit, over voltage, over current, over charging, over discharging and over heating, ensuring a safe and reliable power supply.

The Exquisite Lipsitck Design That Can Fit In Anywhere

Enclosed with soft feel polymer coating in black and gold finish, this power lipstick is the handy gadget that you will take along for every day, every occasion.

Premium Quality

- ① Premium LG Battery Cell
- ② Soft Feel Polymer Coating
- ③ World Class Chipset for Multiple Protections
- ④ Thermistor for Over Heating Detection

Specifications

Basic

Capacity:	3350mAh
Dimension:	1.0 x 1.0 x 3.6 in. (26.5 x 26.5 x 92.5 mm)
Interface:	- 1 Micro USB Port - 1 USB 2.0 Port - LED indicator for power level or charging status - 1 Button to display power level
Input:	5V/1A
Output:	5V/1.5A
Weight:	73g
Compatibility:	Smart devices running iOS, Android, Windows and most other USB-charged devices

Others

Package Contents:	- TP-LINK Vivid Series 3350mAh Power Bank TL-PBG3350 - Micro USB Cable - User Guide
Environment:	Operating Temperature: 0°C~40°C (32°F~104°F) Storage Temperature: -20°C~70°C (-4°F~158°F) Operating Humidity: 10%~90% non-condensing Storage Humidity: 5%~90% non-condensing

Introduction

TL-PBG3350 is an ultra mini power bank from Vivid series power banks utilizing premium LG battery cells with higher power density, longer lifespan and a safer usage. Thanks to the exquisite lipstick design, TL-PBG3350 can be carried along with you for everyday and everywhere to provide one additional full charge for your most devices. Benefiting from advanced charging solution, this powerful gadget can charge 50% faster to minimize the charging time.

Besides the remarking performance, a reliable and safe charging is also ensured because of the world class chip set that provides multiple protections for your devices and power bank against over charging, over discharging, over current, over voltage, short circuit and over heating. "
