

smanos®

Dream Big. Live Smart.

Vibration Detector

Model No: VD8000

Product Description

When the VD8000 detects vibration, it will send alerts to your smanos alarm system for appropriate action. There are 3 sensitivity levels that can be adjusted to fit your needs or environment. The VD8000 is ideal for safes, drawers, doors, walls and other places where a secure footing can be established.

Features:

- *Detects vibration/movement, sends a signal to the control panel for alarm
- *Adjustable of vibrating sensitivity in 3 levels
- *Tamper protection
- *Easy to install
- *Wireless range up to 80 meters (open area)
- *1 year battery life
- *Low battery LED indication
