ICY BOX **IB-236-C3** USB Type-C™ Enclosure for 2.5" HDD/SSD

Height is crucial

Hard disks and SSDs with a height of up to 9.5 mm can be accommodated in the enclosure. It's especially suitable for SSDs, since they can work much faster than a conventional HDD.

Well thought out

Thanks to the well-thought-out design, the integrated USB 3.0 Type-C™ cable can be hidden in the enclosure, which makes the use of an external cable unnecessary. This makes the enclosure very space-saving and it can be connected anywhere with a USB Type-C™ capable device.

Well packed

This enclosure protects a hard disk or SSD of up to 9.5 mm height against shocks and dust. With the new USB 3.0 Type-C™ connection you will see fast data transfer rates.
