CU0480QC USB Charging Station

# POWER FOR ALL

CU0480QC USB Charging Station

Are you always jostling with others for limited USB ports and power sockets? Well, remedy that with the ADATA CU0480QC USB charging station with 5 USB ports, including USB-A with Qualcomm® Quick Charge 3.0 (QC 3.0) technology and USB-C.

Up to 4x Faster Charging

Enjoy blazing-fast charging speeds with QC 3.0 technology. You'll revel in juicing up your devices up to four times faster than a standard 5W charger.

More is Merrier

With 5 USB ports, including USB-A with QC 3.0, USB-A with 2.4A output, and one USB-C, there are enough to go around for all your devices, and family and friends.

Charge up to 5 devices at once

Multiple Safeguards

You're in safe hands! The CU0480QC is built with numerous safety mechanisms that prevent overheating, short-circuiting, input overvoltage, output overcurrent, and overcharging.

Intelligent Power Management

The CU0480QC can detect connected devices and adjust the appropriate output current for each, providing optimal, reliable and safe charging.

Features

● Supports Qualcomm Quick Charge 3.0
● 5 USB ports including one Type-C port
● Intelligent Power Management
● Anti-slip rubber base
● Multiple circuit protection: overheating, short-circuiting, input overvoltage, output overcurrent, and overcharging

Specifications

● Color: White
● Total Power: 48W
● Dimensions: 63.7x63.7x54.6mm / 2.5x2.5x2.1inch
● Weight: 350g / 12.34oz
● Input: AC 100V-240V ~ 50/60Hz 1.5A
● Output USB-A: DC 5V = 2.4A max
● Output Type-C: DC 5V = 3A max
● Output QC 3.0: DC 3.6-6.5V = 3A/6.5-9V = 2A/9V-12V=1.5A
● Warranty: 1-year
