

Staples®

Packaging Tape PP Brown 50mm x 66M x 43microns, water based, pack 6

Uses

This strong and durable polypropylene packaging tape has high adhesion, and it adapts well to different shapes making it ideal for everyday sealing of lightweight packages.

Secure your parcels and boxes easily with this good quality packaging tape. It unwinds easily from the roll so that you can consistently seal boxes or bind torn books with ease. The high-tensile strength offers good elongation and allows for manual application with a tape dispenser or in automatic sealing machines.

Product Physical Facts

Tape Size	50mm width x 66 meter length
Adhesive Type	Acrylic water base
Backing	25mm bi-axially oriented Polypropylene
Total Thickness	43 micron (0.043mm)
Product Colours	Brown tape/tan core, STAPLES repeat logo printing inside core
Core Size (interior Diameter)	76cm
Storage Conditions	Store in a cool and dry place. Temperature of 4-26°C and humidity 40~50% are recommended. Please apply FIFO rules for your stock. Under the correct storage conditions the tape can maintain its characteristics for one year shelf life.

Performance Characteristics

Adhesion to Stainless Steel	4 N/25mm
Tensile strength	80 N/25mm
Elongation at break, %	140%
Temperature Resistance	60°C
Made in	China
